AUTO-INTELLIGENT PROCESS

MULTI-STAGE QUALITY CONTROL

LONGEST POST-SALES WARRANTY

FULL-TIME EXPERT MANAGERS

LARGE DATA REFERENCE WAREHOUSE

MINIMAL CLIENT INVOLVEMENT

NO VERIFICATION REQUIRED

DATA POPULATION

Introduction

Data Population is one of the Flagships, most preferred, trusted and efficient offering of our Specialist Outsourced Services (SOS).

Farohar has been a pioneer and the oldest organization in Data Population of ERP solutions for over 20 years. With experience of over 900 successful projects, Farohar provides complete End-to-End Solution for Data population. Over the years ship owners across the world have realized that an ERP solution is only as good as the Data within and with our experience and innovative quality tools ensures that we live up to our commitment "**IF IT IS DONE BY FAROHAR, IT REQUIRES NO FURTHER VERIFICATION**".

Established trust with our clients reflected in our Exclusive Long-Term Engagement with Major Maritime Software Houses and Shipping Companies forms the very core of our values.

We have Expertise in all Major ERP Platforms; ABS NS, AMOS (all versions), BASSnet, Danaos, Solverminds (PACMAN), ShipNet, Terromarine, Mariapps, Teledata, Shipmate, DNVGL, Mespas (to name a few and a definite edge in implementing all New and Budding ERP Systems.

Global Leader in populating and implementing all makes of Marine and Offshore ERP system.
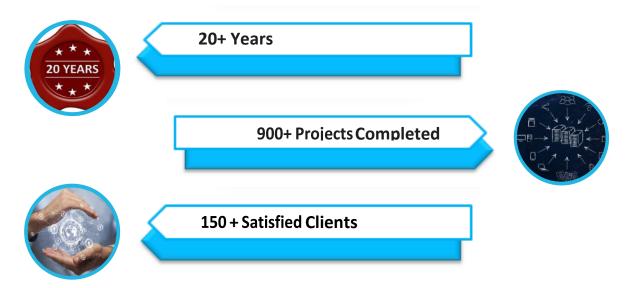

Gap Analysis → ERP Selection → Budgeting → Data Collection → Data Polulation

Long Term Strategic Relation ← Periodic Audit ← Onshore & Onboard Training ← Inventory Management ← Implimentation
