Farohar Enterprizes

Specialist
Outsourced
Services

Farohar Enterprizes Private Limited is a Specialist Outsourced Services (SOS) corporation owned and headed by Farzin R. Karma, leading entrepreneur and architect of integrated services platforms capable of serving multiple industries. (CV of Farzin Karma included separately).

Founded in 2000 and rebranded in 2013, Farohar has grown to over 750 trained specialists, project managers, industry experts led by a formidable management team with a global footprint.

Headquartered in Singapore, Farohar's production and management teams are located in Japan, India, U.S, Europe, Middle East and Philippines. Farohar is firmly on track to become the International leader in the SOS arena.

Farohar is compliant with International ISO 9001:2015 Quality Standards and ISO27001:2017 Information Protection Standards and is proficient with several other relevant QMS and QSHE standards such as OSHAS, ISM, ISPS, TMSA, etc.

Farohar's differentiating edge is its ability to seamlessly adopt, own and undertake projects not as an outsourced services assignment but as its very own venture with FULL primary responsibility. In fact we are the only SOS enterprise that guarantees our deliverables and provides a significant post-sales follow-up service that is unparalleled in our genre of industry. Farohar successfully blends diversity and range of services with specialization through the blend of ultra-modern technology, proven human talent and an absolute commitment to client satisfaction.

"If it is done by Farohar it requires no further verification".....this is the testimonial we strive to earn from every project and each client. Farohar's formidable current range of marine-centric services are listed (but not limited to) the ones under "Services" below. We are truly an extension of your organization that allows you to focus your resources on core competences and main revenue generation activities whilst you leave the rest to us.

Location

The Company has its management office in Singapore's prestigious Central Business District and its business centre covering over 15000 sq feet of modern office space conveniently located in Mumbai, India. A wide network of global strategic alliance partners provides Farohar with a wide international business presence. Our services are available and delivered with consistent efficiency, economy and timeliness regardless of where our clients are located.

Warranty & free post delivery follow-up

Warranty

As irrefutable evidence of our commitment to client satisfaction and our confidence in the quality and efficiency of our services we extend a warranty covering the quality of our deliverables that is unparalleled amongst our competitors.

Post Delivery Follow-Up

Farohar also extends free follow-up service towards all products delivered. This is extremely appreciated by clients given that this follow-up covers minor revisions, updates, additions/deletions, editing, etc. to the delivered product/s, which are inevitable and which are normally charged for separately by most service providers. Farohar offers this free in the interest of value-add to the client who at most times recognizes the need for minor adjustments only much after receipt of the delivered products.

Commercial & Contractual Matters

Farohar prioritizes client satisfaction and uncompromised delivery above mere profit generation. The Company maintains its uncompromised tradition of honesty and transparency in all its commercial and contractual dealings.

Farohar gives formal assurance of our NO HIDDEN CHARGES policy.

Upon confirmation of client requirements, a formal proposal indicating the charges for each requisite service will be provided.

Rates and charges for predictable variance to scope of services will also be quoted for so that our clients can plan and budget accurately. Any unplanned work beyond the agreed one will be first presented along with pricing for approval prior to commencing such work.
